WHAT IS STEM QUEST:

STEM Quest will provide Scouts a hands-on experience involving applications of science, technology, engineering, and mathematics (STEM) in modern society. Scouts will learn and participate, individually and in groups, with current and future STEM professionals. The staff will assist participants in diverse activities involving chemistry, electronics, forensics, information technology, molecular biology, physics, robotics, and much more.

WHAT OUR STAFF DOES:

- Directly interact with Scouts
- Enlighten Scouts to new avenues of STEM in a fun and interactive environment
- Work with a team of like-minded professionals.
- Have opportunity to fully appreciate the entire Jamboree experience
- Work with current and future STEM professionals
- Participate in unique staff appreciation events
